

PROJECT OPPORTUNITIES FORUM

Date 8/18/2014 **Time** 4:00pm **Location** 2323 E Cherry St, Seattle, WA 98122

Background

Hoffman is a private for profit general construction corporation that performs work throughout the Pacific Northwest with offices in Seattle and Portland. The talented team has constructed some of the largest and most recognized structures in the Northwest including but not limited to the **Experience Music Project, Seattle Central Library and Brightwater Treatment Facility**. Hoffman pursues opportunities from \$500 million to over \$1 billion annually in public and private projects. **The projects below will be constructed over the next 5 years.**

*GCCM

Agenda

Introductions 4:00-4:20pm

Objective(s) 4:20-4:30pm

Dave Johnson - Sr. Project Manager – Hoffman Construction

Commitment to inclusion – Hoffman has been a friend to small businesses and contractors for two decades and leveraging its' current market position to promote and encourage inclusion to our owners and PM staff by introducing Washington small, minority, Section 3, DBE, HUB and DBE firms to Hoffman decision makers and project managers.

Dan Seydel, CEO – Entrepreneurial Institute of Washington

EIW will provide professional development which includes education around alternative works, project management, estimating, safety and contract compliance coupled with practical work experience with mentors, peers and subject matter experts. Hoffman has engaged EIW to identify **three (3)** small firms that can participate in the *Mentor Protégé Program* which focuses on increasing the operating capacity of small businesses.
